Meagan McGlasson – Illinois Recovery

Michelle Carmichael – ROE

D. Rodgers – OSF Health

The June meeting for the Peoria County ROSC was a huge success. We had 24 people in attendance. Our presenter was Jodi Rinaldo of Heartland Health Services. Jodi's presentation detailed the services provided by Heartland Health Services. Jodi also included the clientele that is served, which is a wide range of people from many different demographics. Jodi highlighted the locations of HHS and its mobile unit. Jodi also highlighted the "TAT", which is the Turn Around Time for an individual seeking MAR/MAT services. The TAT is estimated at below a 1-to-5 day wait time. This is a great achievement that was celebrated by PCR. A wonderful and informative Q and A session followed the presentation. We were also very fortunate to have youth sector representation from the Regional Office of Education, as well as Trillium Place Young Minds Center. Council members were engaged and appreciated the presentation and information a great deal. PCR did a 10-to-15-minute rap session on our upcoming survey. A great discussion followed and an example of the survey from last year and other surveys has been emailed to the PCR since. The PCR Coordinator has met with council members, colleagues, and superiors to discuss the strategic plan and the trajectory of the Peoria County ROSC. There is great momentum at this present time. Many future collaborations and events are in the planning process.
